SAND CEREMONY is the best option for the ones looking for just a spiritual moment, without involving religion neither paperwork or legalities.

In Melia Zanzibar we can make your Spiritual Ceremony come true! The essence is to symbolize the union of "two into one"

The sand is used to symbolize the unity of the bride and groom. Their separate lives are symbolized by two vials of sand. After the exchange of rings, the official explains the meaning of the Unity Ceremony.

The Bride and Groom then come together, and pour into one vial, the two individual vials of sand. Their flowing together symbolizes the joining of the couple as they share their first experience of unity as husband and wife. The newly formed union is represented by the intertwined pattern of sand created by the couple. This symbol is then a keepsake of your wedding day.

For "official wedding" we will put you in the best hands of **ZANZIBAR WEDDING**, a professional wedding planner in the island who will help you to prepare all legalities, etc.

MELIÀ ZANZIBAR

Chill Out Chic! For wedding dinners/receptions.- Ask the different options available. (at extra charge depending on the number of people, location, etc.)
